

# DEPARTMENT OF PATHOLOGY ALL INDIA INSTITUTE OF MEDICAL SCIENCES

Ansari Nagar, New Delhi-110029 (INDIA)

In line with the AIIMS directive to provide all Laboratory reports on the eHospital system; the Histopathology division of Department of Pathology is implementing a new Laboratory Information System (LIS) by which

- Order entry for sending Histopathology specimens and access to the Report PDF will be through the eHospital portal (similar to blood samples) **{details on Page 2-4}**
- Status update of a pending case (i.e at which step the case is pending within Histopathology Lab) will be available on [www.aiims.edu](http://www.aiims.edu) – Intranet; for doctors to track their patient’s histopathology status **{details on Page 5}**

Date on which this will be fully deployed – **23<sup>rd</sup> January 2023, Tuesday** ; after which

- NO SAMPLE FOR HISTOPATHOLOGY WILL BE RECEIVED WITHOUT BAR CODE STICKER ON THE REQUISITION FORM. ( Example below )
- NO patient (ordered through the eHIS) is to be sent to the Department of Histopathology for status update
- Discharge summaries SHOULD NOT MENTION – Collect report from room no 1085, Department of Pathology

Example of a filled out Histopathology requisition form

**Bar code sticker generated on eHospital (TO BE STUCK ONLY ON REQUISITION FORM)**

Specimen containers should be regularly labeled with Name, UHID, Specimen type without bar code

Ensure Consultant name, Department and Unit/ Clinic are clearly written in BLOCK LETTERS. These will reflect in the final report.

Please enter Resident name and contact number clearly in BLOCK LETTERS, so that they can be contacted in case additional clinical details are required.

# STEPS FOR ORDER ENTRY ON eHOSPITAL

## Screen 1:

Click on Order Entry (Advanced) link on the left side under menu (Clinic-> Treatment). After that, enter UHID of the patient and then Click on Select.

Search By

UHID: 101013525

Sl.No	UHID	Name	Sex	Date of Registration	Select
1	101013525	ANKUR J SAXENA	Male	29/05/2015	<input type="button" value="Select"/>

## Screen 2 :

The order entry page appears.

Order Entry Template: **Select Order-Entry Template** | **Select Page Link** | **go >>**

Department: **Surgery** | Unit: **Unit-I**

Recommended by: **Dr. cc11 - SR** | Contact No: **7906051256**

Verify Observation(s) / Medicine(s)

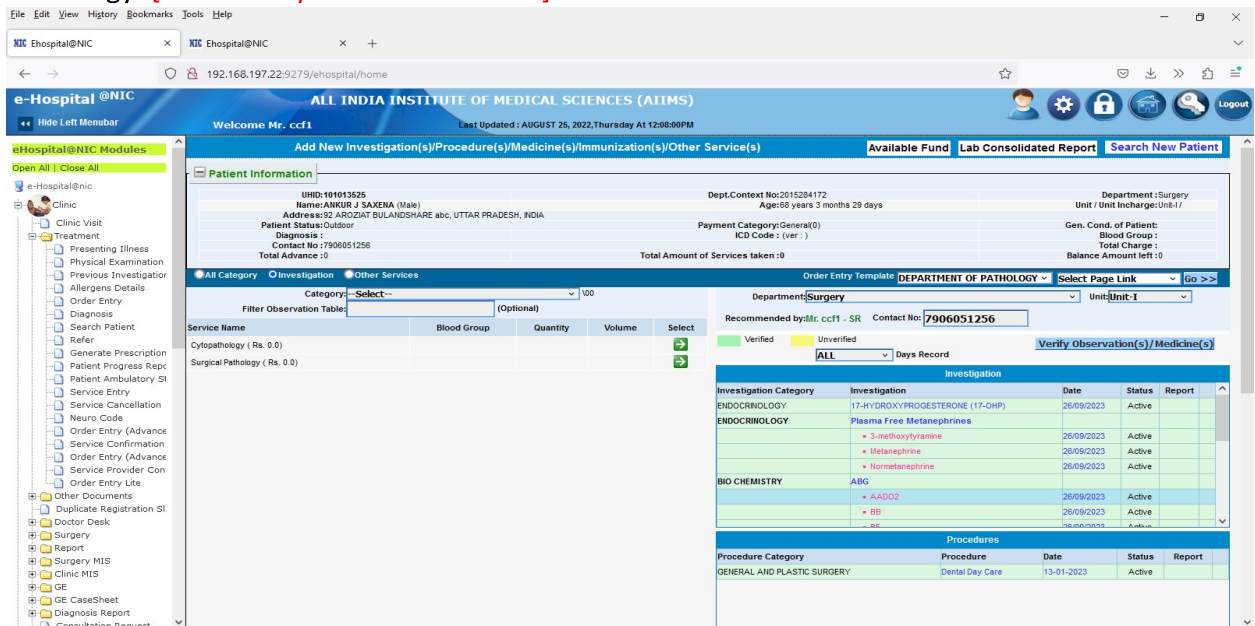

Investigation Category	Investigation	Date	Status	Report
ENDOCRINOLOGY	17- $\beta$ -HYDROXYPROGESTERONE (17-OHP)	26/09/2023	Active	
ENDOCRINOLOGY	Plasma Free Metanephrines			
	• 3-methoxytyramine	26/09/2023	Active	
	• Metanephrine	26/09/2023	Active	
	• Normetanephrine	26/09/2023	Active	
BIO CHEMISTRY	ABG			
	• AAD02	26/09/2023	Active	
	• BB	26/09/2023	Active	
	• GC	26/09/2023	Active	

Procedure Category	Procedure	Date	Status	Report
GENERAL AND PLASTIC SURGERY	Dental Day Care	13-01-2023	Active	

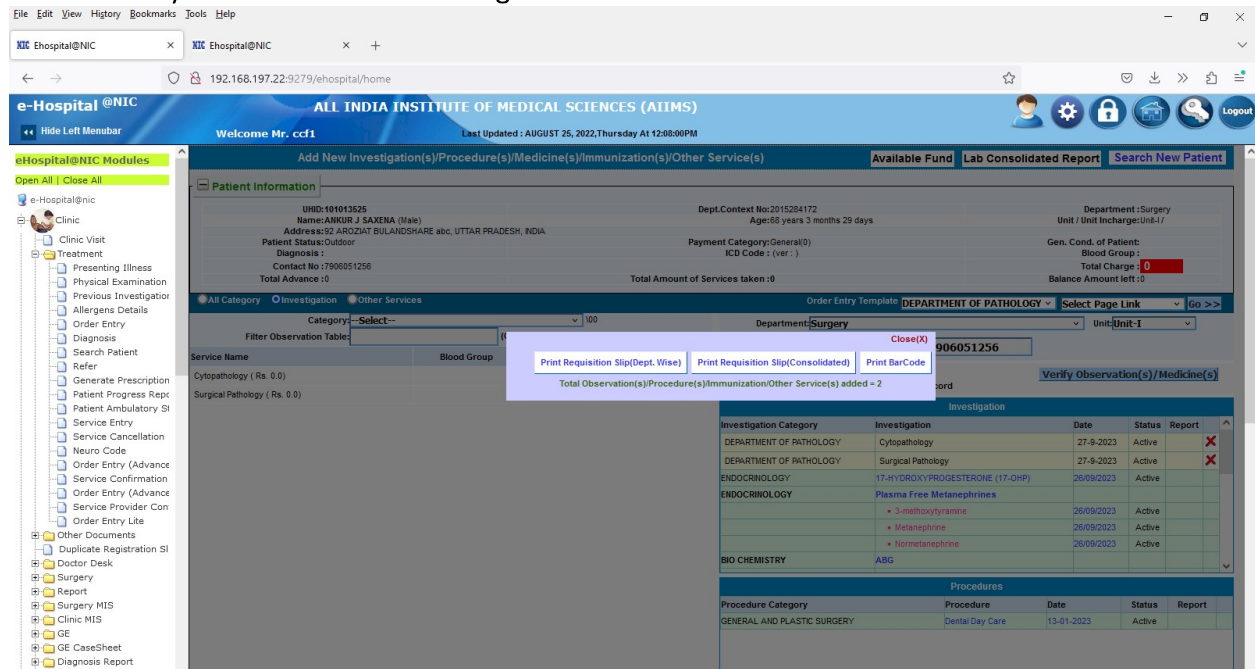

### Screen 3:

Select Order Entry Template as : Department of Pathology and then the associated tests lists appears on the left side of this section. Here namely , Cytopathology \* and Surgical Pathology. [ \* currently will not be visible]

### Screen 4:

Select the desired tests to be ordered from left side by clicking on Green arrow. After clicking on it, the tests appears under the Investigation panel highlighted in green. Then, click on verify observations button to generate the order.

Screen 5 :

The barcode corresponding to the order entry is generated at Laboratory Sample Collection Page. This reflects that the patient sample is collected for designated ordered tests. The barcode needs to be pasted on the top right corner of the Histopathology form. After this Form and Specimens are to be sent to the Department of Pathology.

The screenshot displays the 'Laboratory Sample Collection' interface. At the top, it shows the user 'Welcome Mr. ccf1' and the system date 'AUGUST 25, 2022, Thursday At 12:08:00PM'. The main heading is 'Laboratory Sample Collection'. Below this, there are fields for 'Sample Collection Centre Name' (Main Hospital Ward (Block:Central Collection Facility/Building:Main Building/Floor:9/Room:0)) and 'UHID' (101013525). A 'Success' message is displayed, indicating that the sample collection was successful. The 'Patient Information' section shows the patient's name as ANKUR J SAXENA, (Male), 68 years 3 months 29 days, with a Patient ID of 2015284172 and a Department of Surgery. The 'Collected Sample(s) Details' section is currently empty. The 'Recommended Test Details' section shows a table with one test entry: 'L. F. T.' under the 'Clinical Chemistry' lab sub-centre. The table has columns for Test, Order No, Order Date, Order By, Cash Receipt No., Specimen, and Select All.

S.L. No	Sample No	Sample Type	Lab	Barcode(http)	Barcode(System)	Acknowledgement
1	SP-270923001		Department of Pathology		Print	Acknowledgement

Test	Order No	Order Date	Order By	Cash Receipt No.	Specimen	Select All
L. F. T.						<input type="checkbox"/>

## STEPS FOR STATUS UPDATE ON [www.aiims.edu](http://www.aiims.edu)

**STEP 1 :** Open [www.aiims.edu](http://www.aiims.edu) and click on INTRANET access at the top of the web home page

**STEP 2 :** Click on Pathology Report status ( as shown below with blue arrow)

**STEP 3 :** Page will appear asking for User name and Log in – enter ‘pathology’ in both

**STEP 4 :** Search box will appear in which UHID based search can be done

**NOTE :** This only allows to see the status of the case, however report PDFs cannot be downloaded. If the case is shown as ‘reported’; the report will need to be accessed from eHospital
