

Department of Pediatrics (Division of Genetics) has introduced some new tests vide. No. F.15/Misc./2017-Estt-(H). The name of the tests and charges are as under:

| S.No. | Name of Test/Investigation | Charges |
|-------|---|-------------------|
| 1 | New born Screening for CH & CAH | Rs. 100 (50 each) |
| 2 | Automated sequencing per exon for any single gene disorder | Rs. 700 per exon |
| 3 | Megalencephalic Leukodystrophy Common mutation | Rs. 500 |
| 4 | Albinism Common mutations | Rs. 1000 |
| 5 | QF PCR on AF/ CVS | Rs. 3500 |
| 6 | MLPA for subtelomeric rearrangements | Rs. 3000 |
| 7 | Targetted MLPA for microdeletions | Rs. 2000 each |
| 8 | MLPA XLMR panel | Rs. 5000 |
| 9 | MLPA for DMD carrier detection and prenatal | Rs. 2000 |
| 10 | Fragile X testing by Sequencing | Rs. 4000 |
| 11 | 1 st trimester Biochemical screening | Rs. 500 |
| 12 | MTHFR polymorphism | Rs. 500 |
| 13 | Rett Syndrome Common mutations | Rs. 2000 |
| 14 | Fetal Rh testing from maternal blood | Rs.1000 |
| 15 | Mutation testing CAH (21 Hydroxylase def) (Sequencing Method) | Rs. 5000 |
| 16 | Mutation testing CAH (21 Hydroxylase def) (MLPA Method) | Rs. 2000 |
